Compost Site – Residential Use Only at 570 Lake Steel St

- 7:30 a.m.–3:00 p.m. - Monday through Friday
- 8:00 am – 4:00pm - Saturday from April 6th thru Nov. 30th
- An attendant will be on duty *most* Saturdays for assistance.
- Mirror stickers will be provided to each resident at city hall. We are asking you to apply it to the back of your inside mirror or have available so when visiting the site our employees can verify residency. The materials deposited at this site must be from within the city limits.
- Please put brush and yard waste in appropriate areas. DO NOT MIX TOGETHER.
- No contractors can use the site. The area will be monitored by video cameras for security.
- No Brush will be accepted from Commercial Properties.

Dumpsters – Bulky Waste. **Sight is under video surveillance, Violators will be fined!!**

- On-site week of May 20th Until limited number of dumpsters are filled. Check city website for details.
- **It is a violation** to drop off electronics, dehumidifiers, televisions, computers, concrete, tires, residential garbage, bulk cardboard, and paper in these dumpsters.

Mulching and Compost Pile

Residences are encouraged to mulch and compost. It is much better for your lawn and the environment. Residents are also encouraged to create their own compost pile. It is easy to do. Just form a pile with grass clippings and garden waste. Turn the pile once per month and water if it gets too dry. After it decomposes you will have great topsoil for flower beds and gardens.
