**PUBLIC SERVICE COMMISSION OF WISCONSIN**

Application of City of Green Lake, Green Lake County, Wisconsin,  
as a Water Public Utility, for Authority to Change its Method of  
Cost Recovery for Providing Public Fire Protection Service

2370-PFP-100

Public Service Commission of Wisconsin  
RECEIVED: 1/13/2026 12:45:01 PM

**FINAL DECISION**

This is the Final Decision in the Class 1 proceeding conducted by the Public Service Commission (Commission) on the application of the City of Green Lake Water Utility (applicant) for approval to revise its method of cost recovery for providing public fire protection (PFP) service. This application is APPROVED, subject to conditions.

**Introduction**

The applicant applied to the Commission on August 28, 2025 for authority to revise its method of cost recovery for providing PFP service. ([PSC REF#: 559711.](#)) Pursuant to due notice, the Commission held an audiovisual hearing on December 5, 2025 before Administrative Law Judge Michael E. Newmark. The parties, for purposes of review under Wis. Stat. § 227.53, are listed in Appendix A as required by Wis. Stat § 227.47. The applicant is the only party to this proceeding.

**Findings of Fact**

1. The applicant's presently authorized rates provide for a total PFP charge of \$146,153. This charge is comprised of an annual municipal PFP charge of \$146,153 collected through property taxes. The applicant does not currently collect any PFP revenue through a direct charge on water customers' bills.

2. The rates set forth in Appendix B will permit the applicant to recover \$146,153 of its PFP costs through direct charges on the water bills of all the applicant's general service customers. The applicant will no longer recover PFP costs through an annual municipal PFP charge.

### **Conclusions of Law**

1. The applicant is a municipal public utility as defined in Wis. Stat. § 196.01(5)(a).
2. The Commission has authority under Wis. Stat. §§ 196.02(1), 196.03(1) and (3), 196.19, 196.20, 196.22, 196.37(1), (2), and (3), 196.395, and 196.40 to authorize the applicant to revise its method of recovering PFP costs.
3. The Commission has authority under Wis. Stat. § 15.02(4) to delegate to the Administrator of the Division of Water Utility Regulation and Analysis (Division Administrator) those functions vested by law as enumerated above and has delegated the authority to issue this Order to the Division Administrator.

### **Opinion**

At present, the applicant recovers a total PFP charge of \$146,153. This charge is comprised of an annual municipal PFP charge of \$146,153 collected through property taxes by the City of Green Lake (City). The applicant requested to change its tariff to allow the entire PFP cost of \$146,153 to be collected through direct PFP charges on general service customers' water bills. This request conforms with Wis. Stat. § 196.03(3)(b), which provides municipalities the option to recover all or a portion of the PFP costs from water general service customers. On August 28, 2025, the applicant submitted its Resolution authorizing this change to the Commission. ([PSC REF#: 559703.](#))

Commission staff submitted a proposal that provides for recovering all of the applicant's PFP costs by directly billing its water general service customers based on the equivalent meters method. The summary of these rates appears in the record as Ex.-PSC-PFP Tariff Changes. ([PSC REF#: 565893](#).) Prior to the hearing, Commission staff provided the applicant with Commission staff's proposed rates for review, and the applicant had no objection to these rates.

Authorized rates set forth in Appendix B, Schedule F-1, provide for PFP rates that reflect the applicant's request and are consistent with the Commission's standard methodology for calculating PFP charges based on equivalent meters. These rates are reasonable and just. All customers will be required to pay an appropriate amount for the service provided.

### **Public Comments**

The Commission received no public comments on the Electronic Records Filing (ERF) system. No members of the public attended or provided comments at the hearing.

### **Effective Date**

The applicant bills on a quarterly basis. Pursuant to Wis. Stat. § 196.19, the changes in rates and associated tariff provisions that are authorized in this Final Decision take effect no sooner than one day after the date of service, provided these rates and tariff provisions are filed with the Commission and the applicant makes a copy of the new rates available to the public before this date by placing a copy of the new rates at locations where customer payments are accepted, on the applicant's website, or in a form and place that is otherwise readily accessible to the public.

### **Order**

1. This Final Decision takes effect one day after the date of service.

2. The authorized rate changes and tariff provisions shall take effect no sooner than one day after the day the applicant has: (a) filed these rates and tariff provisions with the Commission; and (b) made them available to the public at locations where customer payments are accepted, on the applicant's website, or in a form and place that is otherwise readily accessible to the public, pursuant to Wis. Stat. § 196.19 and Wis. Admin. Code § PSC 185.33(1)(f). If a copy of the new rates and tariff provisions is not made available to the public when they are filed with the Commission, the new rates and tariff provisions shall take effect one day after the day they are made available to the public.

3. The rates approved in this docket shall take effect no later than 90 days from the service date of this Final Decision or as directed by the Commission or Commission staff.

4. Jurisdiction is retained.
